

Get Certified with Microsoft Office!

Microsoft Office Specialist (MOS) Practice Tests and Exam Vouchers are now available.

Practice

- Try a practice test before taking the actual Microsoft exam! This is optional but very helpful.
- Do it online at your own location. Our practice exams offer both a testing and a training mode so you can learn while you practice.
- One practice exam will work for all Microsoft Office programs.
- We also offer one on one sessions and occasional Microsoft Office Prep classes that focuses on the topics covered in the exam.

Schedule

- Contact us and we'll schedule an appointment to meet. We may even come to your location to do the exam.
- You'll need one voucher for each exam you want to write.
- A \$25 non-refundable deposit is required when booking the exam. You may reschedule without penalty if one week notice is given.

Test

- Exams are not multiple choice. You will be asked to perform the steps in order to do the task in the question. It's a timed exam, normally around 1 hour in length.
- You will not have access to the internet or any of your notes during the test.
- You need 70% to pass. If you don't pass, you'll have to purchase another voucher for next time. However, if you've purchased the Voucher with Retake option, then you'll have one additional chance to write it within 30 days.
